WHY EGYPT GAS
Experience : More than 34 years, more than 6000 commercial premises operated with NG & LPG.
Reliability : the biggest company in Egypt & MENA region.
Stability : Governmental company responsible for excuting the egyptian petroleum sector plan with more than 7000 employer.
Safety : the company apply strictly HSE policy and follows latest international specs.

Industrial field services

Egypt Gas, is one of the Egyptian petroleum's sector companies established in 1983, and a pioneer and a specialized company in the Natural Gas distribution systems, the company undertakes all projects on EPC basis (feasibility studies, Engineering, Procurement, Construction, Commissioning & Maintenance of NG, LPG networks).

Egypt Gas provided its N.G services to more than 4.2 million Domestic customers, more than 6000 Industrial and Commercial customers (hotels, malls, clubs, restaurants,).

Egypt Gas developed economic, safe and feasible solutions for Off Grid customers using LPG or SNG networks integrated with Gas detection systems.

Why natural gas will be the best choice?

- natural gas considered as the most efficient, clean burning and economical energy source.
- supplying of NG is continuous not by trucks like all the other alternatives.

MAIN ACTIVITIES

Egypt Gas in brief

Egypt Gas executes all Natural Gas based projects, including the following:

1. Design and Construction of Internal & External Pipelines necessary for factories Distribution Networks (Polyethylene and Steel Pipelines).
2. Design, Fabrication & Installation of pressure reduction units including its components (filter, meters, valves, regulators, Deodorizing systems ...), all with various capacities.
3. Under ground and suspended Steel Pipelines.
4. Egypt Gas owns the latest Technologies of Excavation equipment.
5. Egypt Gas is one of the pioneer companies to own a Horizontal Directed Drilling Machine (HD Machine).
6. Performing all the necessary Pipelines Blasting & Painting Works including Alkyd and Epoxy Painting.

Achievements

1. Egypt Gas prides itself for being the prime company in providing Natural Gas to Major Factories all over Egypt, with more than 1200 Major Factory, with varies activities, including but not limited to the following:
 - Fertilizers Factories.
 - Steel and Stainless Steel Factories.
 - Glass Factories.
 - Industrial Zones.
